The Earth Protectors ..... 1

### The Earth Protectors

During this session, Salumet confirms the existence of Earth Protectors, a group that little is known about. They have always existed and will to the end of the Earth. (4/3/03)

George: There is another contact named Paul who lives on the Welsh island of Anglesey and I would describe him as an author and a powerful psychic and he is able to channel the ancient site guardians and some of these guardians have had Earth life, some have had life elsewhere. I don't think that we've mentioned ancient site guardians—I am talking of ancient sites that are spiritual places such as the stone circles—I was wondering if you could say anything about the guardians? There is one in particular named Jobe, whom he channels who is from Sirius. Are you able to confirm that this is possible?

**There are many forms of communication. There are many who communicate through many channels. Let me say this to you my friend: There are still within your Earth many who protect; this has always been and always will be while this planet travels through its evolution.**

George: Yes, and I think they look after the lay-line energies as part of their work.

**Yes, I can confirm that for you. This does happen. It is not something I have approached with you, because we have spoken only briefly about angels, elementals and I would say that these protectors are people of different**

*(Salumet paused and the breathing became deeper—the voice then became stronger)* **They have not come under my teachings, because their purpose is clear for channelling through others. But I say to you my dear friend, the protection and power they bring to those who channel, is indeed very strong. (pause—voice returns to normal) I can tell you my dear friend that there will come to this gentleman another of the Earth protectors not as yet known to him. You can inform him, but he will soon become aware.**

George: Wonderful! Thank you. One thing I picked up is that—I think we knew this already probably but—the lay-line energies are in the process at this present time of being upgraded and one of the protectors' duties is to watch over that upgrading and I think that is one of the energies used in crop circle formation that we talked about.

**It is also the energy used for travel for other life forms. Remember, energy comes from one source, but in many shapes and forms. Earth protectors are a group who are dedicated to the survival and the evolution of these energy lines. Always there has been areas on this planet where energy is much strongly felt by others; it is the unseen work that continues. It has continued from the time when this Earth was created and it will**

**continue till the end of this Earth's time, which of course, as you understand, there is a time and an end for many things.**

George: Yes. Most valuable work as far as we're concerned.

**But the Earth protectors are not widely known about and it is not something that teachers speak openly about, because too many people ridicule these things. It is only given to those people who are ready to accept, but I am happy to confirm for you that of course there are protectors.**

George: That's very good to have that confirmed, thank you very much. I am sure that Paul will be very happy to know that another will contact him.

**His work is not yet finished.**

George: That's good news.
