### Nostradamus

George states that two major predictions by Nostradamus have come true. First being Attila the Hun and the second, WW2. He also mentions the Anti-Christ being opposition to the teachings of Christ. Salumet helps to put all this into context and perspective. Interestingly, Christ, means ‘teacher’. He also promises most emphatically that there will be no Armageddon in the future where the world is destroyed. This will not be allowed to happen!! (18/7/94)

George: I have one, which may sound a little strange. It is about the nature of prediction. A long time ago, in our time in the year 1503, a man known as Nostradamus, or Michel de Notre Dame, a Frenchman, was born. And he is regarded as one of the best seers or prophets of his day. He wrote many things and he appears to have written a number of good predictions, for the present time and for our future. He talks in particular of 3 periods of *Anti-Christ* uprisings, against the teachings of Christ. The first Anti-Christ was named as Attila, a long time ago. The second *Anti-Christ*, he regarded as the period of World War II, which began in 1939. He also talks of a third *Anti-Christ*, which has not yet happened. Perhaps—there are indications he was predicting a third World War, with nuclear forces? With our free will and positive thought, perhaps this can be averted, perhaps it already has. Would you care to comment at all on that?

**I will. Let me place the question back to you. What is *Anti-Christ*?**

George: I would think *Christ* stands for love and creation and *Anti-Christ* would be the opposite, hate and destruction.

Let me comment please: Nostradamus, as you call him, was indeed a man of vision, a great scholar of his time. But a man reared with religion. That is where the term '*Anti-Christ*' comes from. Do we know what 'Christ' means?

George: I take Christ as Jesus Christ and Jesus Christ being—

Let me put you right, my friend, before we go further. It was not exclusive to Jesus, the word 'Christ.' He should have been known as Jesus '*the*' Christ.' Let me explain a little further. What do you think it meant? *Teacher*—that is the true meaning of the word 'Christ'. Therefore, let us go back to Nostradamus. *He* was influenced by the religions of his time. He was a great visionary and of course, with his extended views and knowledge, he could predict events to come. You speak of nuclear disaster. Your world has been heading towards that, for some considerable time. Let me say to you all: There has come the time when many of us, and I speak as, let me say, a Master—Does that make sense to you please?

Les: Yes.

*(Loud/emphatic)*

**Many Masters have come to tread this Earth plane, at this particular time. There will *not* be a nuclear holocaust. That is our mission at this time in your evolution! That will not occur.**

***But* let me tell you, the Earth is *changing*. And now we get to deep matters again. We spoke earlier of the Earth having an etheric, an *etheric body*. That is the one that will be filled with love and change and that is why we have descended at this time, to bring forth the knowledge to help that transition. Does that answer your question?**

George: Yes and that is wonderful to know. Thank you very much for that.

Les: Yes, to comment on that George, we were told, Ruth and I years ago, that they were preventing it, that it would be prevented—nuclear war.

**Man, *man* has knowledge, but the Creative Force has *all* knowledge.**

Les: Do you see nuclear power being used as it was many, many years ago, and has been lost to us? We call it 'Nuclear Power,' but the direction of energy, the absorption and direction of energy, for peaceful usage.

**That is why the energy was made known to man, to be used for the good of mankind. We also at this time, as I have said, are trying to influence those people in power, and I think you see it happening with nuclear disarmament. It is a steppingstone in the right directions. We are working on this.**

Les: Good, and am I right in saying that such power, was used many, many generations ago, and the secrets lost?

**You would be correct in saying that. Nuclear energy has been known to past civilisations. It is still being used, not on this planet, but elsewhere.**

Les: And that enables many to visit us, without our knowledge.

**Yes. We will discuss that one time, I think.**

## Astrology

Salumet confirms that the 'science' of Astrology is true, as we are affected by the position of the moon, sun and other planets. However, the way the newspapers approach astrology is

rather trivial. Astrology is a very deep subject and can take many years of dedicated study to become truly expert. Salumet just confirms that there is truth in it without going further. (12/9/94)

Debbie: Each of us is born under a different star sign. And supposedly each day we get little articles in the paper, written about what sort of mood we should be in, due to the positions of the moon and the stars. Could you explain a little more on this please?

**You wish to know if it is correct? Yes, I know. There has been much talk about Astrology and all aspects of work in that field. I can say to you, to a degree it is quite true. Your Earth is governed by the rest of the galaxy, the moon, the stars. Yes, each aspect of the universe is intermingled with each other. You can see that, can't you? (Yes) But of course, when we speak of the human being, what you are speaking of, is a 'grain,' that exists within the Earth. I don't want to call you a grain, I don't wish to be derogatory, but I am trying to explain it simply to you. If you considered yourself a grain of the Earth, which is what you are, then imagine how the moon, the other planets, have an effect on the Earth. So, too, you are affected. But of course, when you speak of your newspapers, you cannot *all* be doing the same things, feeling the same things, at the same time. That is rather trivial and I would say to you that cannot *be*. But on a wider aspect, then Astrology is a science. It is indeed a science, although many people rather say, it cannot be. I can say to you, it *is* a science, but on the wider aspect of things. The **Earth** is just one small globe within the **universe**. How, how could it not work together, if you are not affected by each other? Are you not as individuals, affected by everyone that is around you? Can you see that, that each one you come into contact with, leaves its mark upon you? And that is what happens with the planets, the **sun**, the **moon**, the **Earth**. We have to go to deeper matters to discuss this, really, and I hope that will come as time goes on. But, yes, the Earth and all upon it, including your plant life, your seas, everything upon your Earth, is in fact affected by the stars, the Moon and the Sun. So, in the wider aspect, your answer is 'yes,' but as far as your newspaper goes, 'no,' that is trivia.**

Debbie: Does that mean that people born under similar signs, have similar personalities? I would say that has to *be*. I would say 'similarities,' but not exactly the same. How can you be? You are all individual, you are spirit, you are *all* individual. Is that helpful to you? (Thank you.) But you cannot take it as a daily newspaper reading. You cannot look at everyone grouped together under one sign and say you are all the same. That is not true.

Les: It's quite impossible, isn't it?

**But I will say, 'yes,' the stars, the sun, the moon, do affect the Earth. And the times—it is the *time* of the birth, that has the effect upon you. I hope that is a little helpful to you.**

Les: You can stop buying newspapers now. (*Laughter*)

Astrology is mentioned again on 18/3/02. Again, Salumet confirms that shared birthdates can mean shared purposes even if their life pattern is different.

Sara: Can I ask a question about birthdays? If you have the same birth date as someone else, does it imply a similarity or parallel in terms of life pattern?

**Yes, much has been spoken about this in what you term Astrology. It is but a small part of the whole of existence, but I would say this to you, that people who share the same birth date usually come to this Earth for particular purposes and therefore there would be a connection, even if their life pattern is different. For example, let me say that perhaps some come to this lifetime to be spiritual teachers or healers, then you would find that a great many of them would share a birth date or a birth time within a few weeks. Yes that does happen, it does happen.**

George raises a question based at the time of Atlantis. Salumet again encourages us to look towards Astrology for answers. (3/10/05)

George: I have heard that in the days of Atlantis there were four brotherhoods, and those four brotherhoods had connections to the four elements and the *elementals* within those elements; such that the brotherhood relating the water element were very good at looking at problems of 'emotion' in humans, and the brotherhood that related to the air element, they were very good at examining problems of 'mind', and correcting them and so forth. Would you be able to confirm if there were four such brotherhoods?

**Let me say this to you my dear friend: much has been spoken about Atlantis. Yes, it did exist, yes there have been many things spoken, but I will simplify this for you. Indeed there were many *brotherhoods* as you call them upon this Atlantis. If you look to your astrological processes of today, you will find similarities. They also speak of Earth, fire, water, air, which are connected in the same way as you have mentioned. Water and air, and yes, I will confirm that there were brotherhoods who dealt mainly with these things. But look to astrology and the *source of astrology* and you will *find* that there are many comparisons to both. I hope that will be helpful.**

George: Thank you, yes, that is another thought for me.

## Prediction

Les asks a question about fortune tellers charging money for their services. Psychic ability is an inherent ability amongst some people which can be used for fortune telling. There is an opportunity for abuse, either by charging too much, or deliberately giving misleading information, but that would have to be faced later. Salumet advises that if the motive is good, there is nothing wrong with making a charge. (8/4/96)

Les: Yes, I do have one question if I might? It is a question which was put to me. I answered it I think correctly, but I would like your information on it: On this Earth as you well know, there are many people with psychic ability, who use that ability to tell the future or '*tell fortunes,*' as it is said here and charge often quite a lot of money for it. My questioner couldn't understand why information from your world is allowed to be given to such people

here? Why it is not stopped and prevented, because it appears that it is being used in the wrong way.

**I understand the question, thank you. We know that you all have what you call in this world, 'psychic ability.' You all are capable of it, but some to a greater degree. Let me say this to you: Because they use these abilities, that is not wrong, it is an inherent part of their being. They cannot change it, any more than you can change the stage of development at which you are at. You understand?**

Les: Yes, we do.

**We come again to your free will. All of you have been endowed with it. How you use these gifts, as you call them, how you deal with them and use them, *must* be accounted for when the time comes for them to come to our world. If they have been misused and abused, then of course, the consequences must follow here; it is as simple as that. You cannot say, 'Why is this allowed, why is that not allowed?' You begin to personify that *Great Divine Creator*, you begin to personify that *Great Universal Love*, which after all is *not* a person. You do not have someone who says, 'You can do this, you cannot do this.' That is not how the information is given. It is an *inherent ability*, within each of you, to be used as you so desire. You understand?**

Les: Yes, and I thank you for the answer. It is the answer I gave to the questioner actually, that the misuse would have to be paid for or compensated for, in due course.

**All of you understand within your *spiritual selves*, what is right and what is not. Whether you use it for right or for wrong, is entirely up to you.**

Les: Yes, I did explain to the questioner, that if it was a case of having to drop something else, in order to do the work, then it is justifiable to charge a certain amount of money, just to support the physical being, but not to charge in excess. Again, it is a case of using free will honestly.

**It has to do with the motive behind the thought, that is what is important, *the motive*. I would not say that it matters too much, when it comes to monetary things, if the motive behind is good, provided they are not trying to cheat their fellow man, then there is nothing wrong with making a charge.**

Les: No, thank you.

**You must always look deeper into these matters. It saddens me so sometimes, when we hear people say, we know it comes from ignorance, when people say, 'Why does God allow this, why does God not do that?' You must move away from these restrictive ways of thinking.**

Les: Yes of course.

**I know it is hard for you to grasp sometimes, but to work upon it, to allow your minds to expand.**

Les: Yes, one has to look to motive all the time, as you have said before. Thank you very much.

**Now I will leave you this time.**

## [Prediction is a complex issue](#)

Pass on knowledge, but do not pass on prediction. Keep that quiet. Remember that a prediction from spirit world is only in the moment and we do not understand the

complexities of time. Things change. Predictions can only be certain if an ascended master makes it, as only they have that wider view. (25/1/99)

*Mark's wife had recently given birth and it had been predicted by someone that it would be a boy. In fact, it was a girl and Salumet therefore begins the meeting by talking about this and the nature of prediction in general:*

**This time, I feel that I must give to you, some explanations, because of the confusion within your minds.**

Les: About the baby?

**Yes, I have decided that it best come from me, in order that this matter may be laid to rest.**

Les: Yes, we'd be very happy to hear from you about it, thank you.

**Firstly, let me say this to you all: It also applies to the coming of the new child, but within your world, there are many communications, there are many communicators.**

Les: Yes indeed.

**All of you know and understand, that the soul decides for itself, when it should come into the human form. I have told you that many times a pact is made between the parents and the child, before any of you decide to inhabit the human form, have I not?**

Les: You have indeed — you've made it quite clear in the past.

**Each one comes to the human form, with the knowledge of what your life should bring to you. But each one of you knows, that those pathways are not always truly followed, that because of freewill, you have many choices in your lives.**

Les: Yes, we do understand that and of course the freewill of the parents also, would have an effect on the potential child, wouldn't it?

**That is what I will come to. But firstly, let me say this to you, why these many confusions occur? I would say to you my dear friends, unless information is given to you by those of us you call 'masters' —but which I would reserve my judgement on those words—those of us of **ascended consciousness** who give information, you may be assured it is correct, because of our wider knowledge.**

Les: Yes, we did talk amongst ourselves and say that the information did not come from you.

**Yes, so that is the first point to keep in mind, that is not to say that any communicator that you come into contact with, wants to confuse, wants to fool you, wants to deceive you; this I tell you now is not so. But what they do bring to you my dear friends is the situation of the '**moment**' and here we come to the crux of the matter, the situation of the *moment*. You all are by now well aware that *Time* is ever-expanding, that what was the thought of one moment ago does not exist now. Until you fully understand the complexities of *Time*, you will always remain a little confused. So, I say to you this, my dear friends: When communicators come to you, they bring to you *truth*, as they know and understand it, at that *time*. And as *time* is ever-changing, ever-expanding, so do situations. Do you follow me thus far?**

Les: Yes, we do, no queries on that, are there? (*General agreement*)

**Therefore, let me come to the child in question. At the time the communicator spoke to the gentleman, (*Mark*) there was much doubt and fear within the lady's mind.**

Les: You're absolutely right.

**And of course, I have told you my dear friends, how powerful *Thought* can be. There you were told; a boy child was waiting and of course you know and understand that the soul has no gender as such. You fully understand this? (*General agreement*) Are you sure?**

Les: Well, it has taken us some time to accept the possibility, but now I think we all do, don't we? (*General agreement*) Though we still think of the soul as partly he or she, because WE are humans, male or female, I think it's gradually sinking into our consciousness, that the soul has no gender, as you say.

**The soul has no gender, therefore, *therefore* the communication between male and female energy upon the Earth, is of much importance. But it is not of overriding importance—that belongs to the soul. Each one of you has male and female energy, you understand this? (*General agreement*) Because of the doubt and fear within the mother and the time-lapse of the communicator and the actual conception of the soul, change was made. The soul decided that the opportunity would be best left to another time. There *WILL* be a boy child.**

Les: I thought there might be. (*Chuckles*) Thank you.

**Please accept my words as being true. Please do not remain confused. The opportunity was there for another soul and because of the situation and the period of time between communication and conception, the soul decided that it would take form mainly as female energy.**

Les: Am I right in thinking that the soul in doing that— (*Les begins to channel*) *was aware that mother, would have greater affinity with that soul, (Yes.) than she would have done, had it been a boy?*

**Yes, this is where the difficulty arises, that you have to understand each of yourselves as energy without gender. There comes a time to make the blending for the right conditions of the soul. Can you understand this just a little?**

Les: I can, can you Mark? Because I think the basic structure of what has been said, is that unknown perhaps to Isik, (*Mark's wife*) there was still a latent fear within her, about the delivery of a boy.

**There was fear about any delivery.**

Mark: Yes, I was going to say, there was no need for her to know that there was a sex at all, if there was going to be fear of it maybe, I don't know.

**No, the fear and worries come from another time. This is a complicated, not as simplified as I would like it to be for you, but it is important that you understand that no mistakes, no deceptions lie here.**

Mark: Right, because presumably there wouldn't have been time to actually let us know. The only thing is, it was a little embarrassing, because I told everybody at work, thinking it was true, you see.

**You must realise my dear friend, that you have learned a great lesson. You should always be more careful, you should think deeply about the matters I have taught you, and then these things would not be so strange. I have said that each one of you has a pathway in life, that each one of you comes to these human forms, with a purpose, but because of your freewill many *changes* happen. Life is ever-changing and until you fully understand the complexities of *Time*, I feel it will be a little difficult for you to know, that the communicators who come through to you, *come to help*, not to confuse. But they can only give to you, the knowledge that they have attained and the vision that they have. That is why I say to you, only if one of *ascended consciousness* speaks, do you *fully accept* that this can happen, without any difficulties, because their knowledge is far greater.**

Mark: Thank you, I wouldn't want to appear ungrateful, **(No.)** I'm very grateful for all the wonderful knowledge that has come through.

**You have known one of life's experiences now my dear friend, it may have brought you confusion and embarrassment, but may I say gently, this has been of your own making, you understand?**

Mark: In that I talked about what I'd heard, yes, **(Yes.)** but we are encouraged to do that. **Yes of course, on the basis of knowledge, but not of prediction. There are many in your world who will give you predictions, but can I say that most of you in this world will have been told something that does not come to fruition.**

Les: Yes, you're absolutely right, so far as I'm concerned.

**But it is difficult for you to understand this I know. Again, I will repeat to you, unless it is given to you by one whom you call a *master*, then you must realise that any information given, which lies in what you call your future, can alter. Time is ever-changing, situations are changing, the cosmos is ever-expanding therefore nothing stands still.**

Les: Because of those changes, the duties of the soul required upon this Earth at any particular time, obviously are going to alter, aren't they? And the requirements are going to alter—

**How many times have each one of you said, '*I will do this sometime in the future,*' and it does not happen? *(General agreement)* If you try to simplify it for yourselves and realise the power of thought—and remember the soul, the unborn soul, has much greater vision than you, upon this Earth. It can see the situations change, it can see the change amongst the physical bodies, the physical being, the physical thinking. Therefore, you have to give that soul—the purpose and the knowledge it brings...you have to allow it to come, knowing that its consciousness is greater, whilst in that ungendered state. Do you understand each one of you, what I say? *(General agreement)***

Les: And Mark, particularly remember what was said about the soul of the boy was waiting—waiting can be indefinite.

**Again, we return to the complexity of *Time*. I do not think he fully understands, but I know that much happiness awaits him.**

Mark: Thank you.

Les: That's nice to look forward to Mark—and Isik, **(Yes.)** that there *is* a soul waiting. But don't put a definition of *Time*, upon the waiting. And as Salumet so pertinently says, never predict; even if you have been given a prediction, doesn't mean you have to pass it on—keep it to yourself. I'd like to add a little bit that's relevant. When I used to work so frequently with Ruth, we had a lady whose daughter was pregnant. She was anxious to know what the child would be and a communicator through Ruth, said wait a minute, I'll try and find out and after a minute or two's wait, she said I'm sorry, I'm not allowed to tell you, but my own comment to you, is it wouldn't be a bad idea to buy a football. It turned out to be a boy, who was madly keen on football. But that was the communicator's *personal* comment, and that was made quite clear.

**There also has to be some realisation, that many communicators are themselves being fed information from many sources. Therefore, you have to allow for all of these things. Certainly, I would say, knowledge and truth given by communicators, is mainly acceptable, because it is that truth, at that moment in time, but the difficulties do come when they are telling you of forthcoming events.**

Mark: Then I would say that perhaps these people should couch their offerings in terms of, 'at this time— it may change,' **(Yes.)** because then one wouldn't feel tempted to talk to people about it. **(Yes.)** Or if one did, one would be covered, as it were.

**Yes, again my dear friend, I know and acknowledge what you say, but in communication, you have to understand that the communicator also is working for the good of others and does not mean to cause hurt or resentment in any way, but they are also operating through their free wills. Can you understand? (Yes.) It is difficult I know, and I hope that the wider issue is understood by you all. We hear so often, and you are right to say, that it makes you feel that what is given—and I will use your word, 'rubbish,' but my dear friends, that is not the way to proceed. It is a lack of understanding that is the problem when we are dealing with human issues.**

Les: Thank you very much for all that. Anybody any question on it, anything you're not clear on, because I know Salumet wants it put to bed finally. *(Pause)* Everybody happy about the explanation? *(General agreement)* And if we are honest with ourselves, we must say that the information which is given, has been given to us in the past a number of times. How many times have I said to you, if you have half a dozen descriptions of a holiday, you'll have half a dozen different descriptions, all of which to the person giving that description, is an honest endeavour at the truth. Always keep that in mind.

**You see, the communicator at that moment in time, knew that the soul was waiting for the opportunity to be born, but at that moment in time, as was said, the male energy was the overriding factor. But in the interim, those happenings changed. If conception had happened in that moment, then you would have no doubt, that that male energy would have shown itself. Can you understand? It is a complex subject; we have the soul, we have the complexities of time, we have the limited knowledge of communicators and all of these things cause much confusion in your world.**

Mark: So, there wasn't an over-statement of the sex of the child? My confusion is that it doesn't quite seem necessary to state the sex, if it's uncertain—

**But it is not uncertain, there is a boy child who will show himself to you. The timing this time was not right; perhaps that simplifies it for you. No, what was given to you was not incorrect, what happened, was that situations, fear and Thought and many other factors have changed that.**

Mark: And would you say that it was all meant to be as well? The thinking that it was a boy, was actually helpful in some way?

**It has been a lesson for you my dear friend, in jumping to such conclusions and not thinking of what has been given to you in the past. By not analysing and realising what I have taught you, you my dear friend, jumped to conclusions. Do you understand? (Pause) No, we still have confusion, do we not?**

Mark: I'm still a bit confused, yes. Maybe I could have—you can't say that it was six of one and half a dozen of the other? That the message wasn't terribly clear and that maybe I didn't think of all possible outcomes?

**I understand the confusion that you felt, in having such a communication, of course we do. But what you have to understand is that when things do not work as you so desire—and this happens many times in your lifetime—you have to understand that these situations are not as clear-cut, as you would wish them to be.**

Mark: I certainly understand that now.

**Yes, you could say the communicator was wrong, but I do not wish to say that.**

Mark: I don't want to say they were *wrong*, but—

**But you feel they should be more reserved, yes?**

Mark: Possibly, it was a little ambiguous, maybe a bit too ambiguous.

**This is what happens I have to tell you, and as you know, many communicators and I am sure this good friend will explain to you, can become over-enthusiastic in their communications. But it is not because of any desire to confuse or deceive.**

Mark: No, that's important to know.

**But what you have to understand, that there were complexities of many things and the overriding fact, remains with the soul. Energy and time are two things, which you will always find difficult, but which I hope we slowly can bring to you, in some form of understanding. I fully understand that you all were confused. But bear in mind in any communication, which I believe you say '*forecasts*' the future, is always liable to some flaw.**

Les: Yes, I would like to back-up what Salumet says about that, I think it's highly relevant you should all know it now. Years ago, I was told we would have Direct-Voice Communication, you know what that is, don't you? (*General agreement*) It's never happened. Some years ago—and I didn't tell anybody but those in the circle—but some time ago when it hadn't happened, I asked the reason and I was told there were many factors operating to prevent it. Particularly, there were those on their side, who considered that it would not be appropriate at this time, full stop. Now, add to that the fact that Salumet has given us the invaluable knowledge that he has given us, and you I hope have absorbed it to the greatest of your ability, but you would not have had that opportunity, had direct voice been given. You follow? I was disappointed at not having direct-voice—I don't mind admitting it, but obviously my desire for it, wasn't right. But I've never for one moment regretted, that the time has been given, to your development and mine, in another way. So far as I can see, it will be more beneficial for everybody, because you will have heard repetitive voices, but you would certainly not have got the information, the *deep* information and *insight* that we have had, that we've been fortunate enough to have, because of the time available in which to have it. So, I imagine now—I would never have done so, but I think the time is right for you all to absorb what I have said and accept that we are merely an insignificant part in the scheme of things. What we want, what we'd like is not necessarily what is *right*, for the overall development of the soul. Any questions? I apologise for interrupting Salumet, but I felt it was quite important.

**No, my dear friend, you find words, which do not always come easily to me. You understand the language. I know what I would like to say, but I know also that the capability of you all is limited. And this is the strongest barrier between us that we find it difficult to tell you in simple terms, many, many deep matters, but it should become easier, as your own consciousness grows. You will understand situations, which at one time would have left you confused, but as I have said and I will repeat before I leave you, unless information comes from one of *ascended consciousness*, then you must realise and understand, that the whole of *life* is *changing*, moment by moment. That is the difficulty, that those of limited knowledge, those who see a little further than yourselves, but also are limited in their knowledge, can give to you information, which to them at that moment in time, is correct—that is what you must remember. But I do understand your human feelings of confusion and I say to you my dear friends, put aside your human emotions and bring forth spirit, and in doing so you will better understand the way of spirit. I hope this time I have helped you to understand. I did feel it important that I myself bring to you the explanation, in order that you can clear it for yourself, within your own**

thinking. I will leave you all this time; I want you perhaps, to think upon my words once more and try to see the wider, wider scope of your thinking. I leave you all, I want you to know, that I am always with you. *(General thanks + farewells)*

Les: Just going back to direct voice, to finally put a cap on it — yes I was disappointed, I had to accept that it was not going to be and I also had to accept, that had it happened, it would as I have said, repetitively taken voices from the other side, of those very close to us, *NOT* masters, they would never come through. So which is the more advantageous for the group as a whole, repetitive communication, which is very nice and a bit of laughter and so on, personal information — *(One then slipped in as Les channelled:)* — ***or the depth of spiritual development, which you have had. We know about the disappointment of this one who speaks to you, we know too now, that in his enhanced spiritual awareness since you have had the master teaching you, he is glad that what was promised, did not in fact occur. He knows that your spiritual development has far exceeded what would have been possible in the time available for instruction, had direct-voice communication been permitted. Therefore, if I may suggest to each of you, if a physical disappointment is of concern to you, please, please always look for a spiritual background to that disappointment. Is this clear? (General agreement) Then I wish you farewell my friends. God bless you, give you enlightenment and lessen the impact of any physical disappointments, you may receive in your life upon this Earth.***

George: We have received great gifts, God bless you.

***Thank you, I'm glad you look upon it as a gift. It is rewarding to those who come to teach, to give of their knowledge freely, in the hope that you too, may eventually aspire, to the beauty of the enhanced consciousness, which they bring with them. God bless you all my friends. (General thanks + farewells)***

## Prophecies made can also be changed

George is reminded of this again. (22/4/02)

George: Perhaps this is more general, but your raising of our awareness through our teaching, would I be right in thinking that this keeps prophecy on course rather than changes any prophecy?

**Yes, I understand what you say. All I will say to you my dear friend is this: that energy does not stand still,** George: Perhaps this is more general, but your raising of our awareness through our teaching, would I be right in thinking that this keeps prophecy on course rather than changes any prophecy?

**Yes, I understand what you say. All I will say to you my dear friend is this: that energy does not stand still, that prophecies made can also be changed, because energy is not static. But what I would say to you is this my dear friend: That what you are thinking of at this present time is quite right, that the prophecies made are on a direct line of evolution. But I want you to understand that what is said today, because of freewill without all of the planets, can change; you must always remember this. Many prophecies have been made that have not come to fruition, and again, there have been many that have. What I**

want you my dear friends to understand is something a little wider than what is given. We have broached this subject before when I told you that what belongs to what you call *'the future'* can be changed. Do you remember? (*Affirmations*) I hope your knowledge of these things is greater now than then and that you understand that many, many prophecies which have been forecast have been correct at the time of saying, but do not be disappointed when these are not fulfilled, because again with the energy of thinking, all energy is transmutable. Does that answer your question my dear friend?

George: Yes thank you very much.

I would just like to say my dear friends before I do leave you this time, I wish that each one of you could see the colours of your own thinking within this room. I am sure you would be truly amazed, because each one of you is so different—your energy patterns—and yet you belong together in that union of thought and energy which first brought you here and which belonged to you in previous times. But when you understand energy thought more clearly, you will understand what I am saying to you now. There is unison and yet each one of you is apart. My love for you my dear friends grows more each time we meet. (*Thanks expressed*)

George: I think that is wonderful. When we read through the transcript we shall feel more in tune with what has been said. I think this quite often happens, we hear it from you and then we read through the transcript (**Yes.**) and that reinforces.

**Yes, I feel so often that my words to you are repetitive but I do this for good reason.**

Mark: That's our fault, isn't it?

I would not say *fault* my dear friend, but you are of course quite young in understanding. All of you have much to learn and again I am grateful for the time which you have given to me in love; and with these parting words I will leave you. (*General thanks and farewells*) , because energy is not static. But what I would say to you is this my dear friend: That what you are thinking of at this present time is quite right, that the prophecies made are on a direct line of evolution. But I want you to understand that what is said today, because of freewill without all of the planets, can change; you must always remember this. Many prophecies have been made that have not come to fruition, and again, there have been many that have. What I want you my dear friends to understand is something a little wider than what is given. (*Affirmations*) I hope your knowledge of these things is greater now than then and that you understand that many, many prophecies which have been forecast have been correct at the time of saying, but do not be disappointed when these are not fulfilled, because again with the energy of thinking, all energy is transmutable. Does that answer your question my dear friend?

George: Yes, thank you very much.

## [Salumet not predicted by Nostradamus](#)

Salumet confirms that he is not the one seen by the seer. (10/12/07)

George: There is a question that I've hesitated to place to you for some time, because words translated across hundreds of years tend to lose their value; but our old friend, Nostradamus, he referred to a *prophet*—was the word he used, who chooses Monday for his holyday. And that one he describes as travelling far to deliver a great many people from imposition or subjugation. Those who have studied him have wondered as to the meaning, but you Salumet are delivering a great many people from, shall I say 'dogmatic, traditional religion'. So the question that arises from that is, '*Have you been seen by the seer?*'

**Thank you for your question. I have to say to you 'no' it is not the one known as Salumet—no, but thank you for those thoughts. There are many who come to this Earth, who wish to help others and I have told you in past times just how many people from our world come to help mankind. Whether you give them the name of prophets or not, they are all spiritual beings on a mission of help for mankind.**

George: Yes, the word descriptions change sometimes.

**Yes, yes. But I will tell you that that prophecy has yet to come.**

George: Oh! Oh!

**I need not say more, but it will be made known amongst those who know and understand that there is one who will indeed travel far in his mission.**

George: Would that be in the physical sense or in travelling through the vibrations as yourself?

**In the physical sense.**

George: Well thank you very much for clearing up that—that has bothered me for a little time.

Sarah: Would I be able to ask, would that be in our sort of lifetime?

**I would say perhaps not. But as you should know by now, that time can alter many plans and so, although time does come into these prophecies, they can be altered and changed slightly. You understand?**

George: Yes, I think we all appreciate that now.

**Yes. Do not be *fooled* that time stands still: nothing exists which is static, nothing. I hope that has helped you also.**

George: Yes, that really clears that matter up, thank you. I have sometimes used the rough figure of prophecies being something like 98% accurate. I imagine one can't really put a figure to it, but I imagine that might illustrate the principle of being mostly correct.

**Yes, of course, yes.**

## 2012

Being the end of the Mayan Calendar and the time of other significant predictions, the year 2012 was seen by many as a cause for concern. Salumet confirmed that this was a year for the culmination of much understanding for mankind. That was the great change that was predicted. (25/2/08)

George: I think we are generally aware that the whole planet is moving forward and I think this process is being stepped up by a number of measures. You told us some time ago about the etheric change around the Earth (**yes**) and we've talked about soul input from different

sources (**yes**) to aid the process. Graham asked me to ask a question of you concerning this and relating to the year 2012. There have been a number of prophecies concerning a change in the planet at that time. My own feeling is that there is a connection to ancient Mayan prophecy which links to their calendar and in their calendar the fourth great cycle of existence ends in December 2012 and what they have termed the fifth great cycle of existence begins then. But there have been prophecies from a number of sources more recently concerning big changes in the planet in the year 2012. Is there anything you can say about that?

**Yes. Firstly let me say that changes do not take place at any one particular time. What is happening—and remember what I have told you that energy is never static, it is ever-changing, it has to evolve, it has to move forward. What is happening in your world, is of course *many* changes that involve those in my world and those in your world, and remember there is always an etheric counterpart of the Earth planet taking place. What is happening in the year you call 2012 is an accumulation of those changes which have taken many, many hundreds of your years to evolve, but by that year of your time there will be a wave of understanding. That is the great change. It is an understanding that will take place.**

George: It concerns the *consciousness* of our planet...

**Yes. Is that helpful to you?**

George: Yes, that does make it all become very clear.

Lilian: That's interesting, because Sara was talking to me about it as well.

**Yes. It is a realization. But always, too, you must remember that the consciousness of mankind can alter these, what you term 'predictions'. So always keep that to the fore of your thinking.**

George: Yes. We also have the, I think it's a fairly general feeling, certainly in the group here, that the current material system of things on our planet has to come to some quite big change (**yes**). It can't continue in its present direction and by about that time I have a feeling that there should be a realization about this.

**Yes, those changes, as I have said, have gradually been taking place, but that is why my dear friends it is most important that in your daily lives you be truthful, you live the life that you know you must and be an example of good living to all people in order for that wave of knowledge to grow. You understand?**

*(Agreed)*

**Yes. But that is why there is this *excitement* about this one year, but I would say there are many, *many* more exciting dates in your calendar.**

George: Yes. Thank you—I'm sure Graham will be very pleased with your clarification of that.

**Yes. Thank you for your question.**

## [Planet X or Nibiru will not cause chaos in 2012](#)

Salumet confirmed that this would not happen. We remain quite safe. (29/3/10)

George: Perhaps I could express a concern for others, in the way so many on the planet at the moment are looking still towards this year 2012 with some feeling of ‘doom prospect’. And the latest development of this is the idea that a planet which is sometimes called ‘Planet X’ and sometimes called ‘Planet Nibiru’, is rapidly approaching the solar system and will cause havoc. I don’t believe this myself for one moment, but it is just part, I am sure, of this ‘doom malaise’ and I only mention it so that we can talk of it and firmly knock the idea on the head. So I hope you understand Salumet that this will go out to the readers of our emails. And would you care to make comment on that?

**I believe I have spoken to you about this before. Let me say only this to you, my dear friend: You can never be responsible for others’ thoughts, and unfortunately, as human beings, there does seem to be an element of impending disaster—not only in this day and age, but in time gone by. How often have you heard that ‘the end is nigh’?**

*(A few understanding chuckles)*

**I believe those are the words used? (Yes indeed!) Yes, and still you are here with feet firmly on the Earthly Plane—**

George: Yes—the new development is this rogue planet idea (**yes**), which unfortunately is getting an enormous amount of publicity.

**In the same way as you have mass-hysteria, so thoughts travel and people are brought into this way of thinking. Instead of standing back and being rational, they are gathered along in the sea of disaster.**

George: Yes, ‘being rational’ (**yes**)—that is the appropriate expression.

**But I will say to you, give out thoughts for those people, to help these negative thoughts to dissipate quietly. And the best that you can do, my dear friends, is *not* to discuss these negative aspects that go around, but always to remain positive, not only for yourselves, but for your planet.**

George: Give out positive thoughts (**yes**) for those who—in a way it seems like a kind of depression—

**Yes of course, that is what it *looks* like also—that you have this negativity that veils your planet. But, as I have said, it has happened so many times before, and for some time to come there always will be those people who seek disasters. Send out love—that is my only expression to you—*give Love*.**

George: Yes, thank you—thank you very much!

George’s Notes:

Planet X / Nibiru / 2012: *We are in receipt of a magazine article concerning this. Consulting the Internet, it declares approximately 322,000 results for a search re this subject. ‘Nibiru’ is a name that has been borrowed from Babylonian astronomers and it has several possible meanings. Planet X is modern fabrication and December 21<sup>st</sup> 2012 is a date from the Mayan long count calendar converted to our Gregorian system. It declares the interface between two great time cycles as calculated by Mayan astronomers from movements in the heavens. It was seen by them as a time of change, from one calendar cycle to the next—no more no less.*

*As Salumet reminds us, there have been many prophets of doom throughout history and all of them have been completely wrong because we are still here. (And since Nostradamus prophecies are stated to continue until the year 3797, none of his statements can be said to indicate the end of Earth—only very bad and careless interpretation of his prophecies!) And there is no need for alarmists to stand on street corners any more with ‘The End is nigh’ boards, because it’s now much easier to flood the Internet with false fantasies loosely linked*

to ancient cultures. And perhaps the size of the mass-hysteria publicity is now made possible by the new media.

## There will be no Great Ones for at least another 200 years

This was given in response to a question on behalf of William. (1/12/14)

George: Could I just place one that our old friend William has sent in? We mentioned some time back about a prophecy of Nostradamus (**yes**), about a great one—about a teacher who would be coming to this Earth and would take Monday as his holy day. We wondered at first if it could be yourself Salumet, but you assured us: no, but one would be coming. William is with a group at Knutsford, and there seems to be a remarkable young man of 27, of great knowledge, and they seem to have a mission of improving the Earth through love and spreading love. And he is wondering if this could be the one referred to by Nostradamus as a prediction? Can you say anything on that?

**I will say only one thing to you. I am aware of ‘predictions’ as you call it. There will, in that prediction—there will be no one for 200 of your Earthly years. So, the answer to your question—my reply is that this is not so at the moment.**

George: It sounds as if it is just another beneficial teaching that has arisen—

**Yes, there are so many who come to your world that you may call exalted beings. At this time in your world there are many who have come to lead and to guide your world. If you are looking for another Great Messiah—and remember that with Nostradamus, his thinking would have been influenced by his age and what people expect. But I will say categorically to you that this is not the time.**

George: Yes, thank you Salumet, I’m sure William will be grateful for your answer.

Sarah: So nobody who’s living on this planet at the moment will ever get to know—  
**Not at the moment. Remember, from Spirit, 200 years is but a blink of your eye.**

*(General agreement)*

**That is what you have to keep in mind.**

Sarah: And in fact, 200 years in human life isn’t *that* long either—when I think my father’s 91—that’s nearly 100 years, isn’t it!

George’s Notes:

Nostradamus Prophecy: *This relates to our meeting of 10 Dec 07, and the note added to that meeting was: Nostradamus Prediction: Ref. ‘The Centuries, II-28’. It is interesting that Salumet acknowledges the prediction and points out that that one is yet to come. That one is also described by Nostradamus as ‘the penultimate named prophet’, so it seems appropriate that he should appear quite late in terms of missions to this particular civilization. Time seems a little bit ‘stretchy’ where prophecy is concerned ... like a concertina that has accurate events printed on its folds so that the spacing may vary a little. Some Nostradamus prophecy is remarkably precise on the time scale while certain events are sometimes just a year or two out. This is one of the quirks of true prophecy.*

## Problems with prediction are illustrated by an example of the sex of an unborn child

Sarah asks after a mix up with the prediction on the sex of a baby. Salumet explains possible causes for these mix-ups. (18/11/19)

Sarah: I remember you telling, Mark that he was going to have a boy and then he had a girl and there was something...maybe it was better for him to have a girl, I can't remember what it was.

Paul: Well, Salumet didn't say, it was another that 'saw' the boy, I think and the boy did come, of course, but they didn't see that there was a girl *prior* to the boy—I think it was something like that?

Sara: Probably just a timing issue. (*Agreed*)

**Yes, I understand what you are saying, but rarely, very rarely, the sex of a baby is noted; but because of freewill, even babies in the womb can change their minds. That is why you get this kind of mix up; I think that is the easy way to explain it.**

Sarah: Could that be also Salumet, there are some babies that are born neither male nor female, (**Yes...**) is that because they've changed their mind in the womb?

**It could be that one does and one doesn't, therefore there is confusion at the joining, the union; there can be more than one reason; but that is a timing issue. (Yes) Yes, but life for you human beings on Earth can be very complex and I know sometimes and I know of you in this room, who spend time thinking and wondering and still do not come up with an answer. (*Chuckles*) Yes, but I just ask that you all continue to think and work, to Love one another and even strangers in a kindly way; you will benefit from those thoughts, those deeds.**
